

LLOYDIA

A QUARTERLY JOURNAL OF PHARMACOGNOSY AND
ALLIED BIOLOGICAL SCIENCES

ARTHUR E. SCHWARTING, *Editor*

Vol. 26, no. 1-4, 1963

Published by THE LLOYD LIBRARY AND MUSEUM
and THE AMERICAN SOCIETY OF PHARMACOGNOSY

Business Office—309 W. Court St., Cincinnati 2, Ohio
Editorial Office—University of Connecticut, Storrs, Connecticut

CONTENTS OF VOL. 26, no. 1-4, 1963

No. 1, March, 1963

A Review of the Chemistry and Pharmacology of the Constituents of <i>Piper methysticum</i> — F. Keller and M. W. Klohs.....	1
Discomycete Flora of Asia, Precursor I: The Scope and Status of Exploration—Richard P. Korf.....	16
Discomycete Flora of Asia, Precursor II: A Revision of the Genera <i>Acervus</i> and <i>Asco-</i> <i>sparassis</i> and their New Positions in the Pezizales—Richard P. Korf.....	21
A New Species of <i>Helicostylum</i> from India—B. S. Mehrotra and B. R. Mehrotra.....	27
Production of Cardiac Glycosides by Plant Tissue Cultures. II. Growth of <i>Digitalis</i> <i>lanata</i> and <i>Digitalis purpurea</i> —E. John Staba and Surendar S. Lamba.....	29
Inhibition of Human Plasma Cholinesterase <i>in vitro</i> by Alkaloids, Glycosides, and Other Natural Substances—Wallace H. Orgell.....	36
Occurrence of Cuscohygrine and 3 α -tigloyloxytropine in <i>Withania somnifera</i> —J. D. Leary, K. L. Khanna, A. E. Schwarting and J. M. Bobbitt.....	44
Histological Study of the Roots of <i>Carissa carandas</i> and <i>Carissa spinarum</i> —P. Singh, C. L. Madan and B. C. Kundu.....	49
News and Events.....	57

No. 2, June, 1963

Inhibition of Human Plasma Cholinesterase <i>in vitro</i> by Plant Extracts—Wallace H. Orgell.. Plantae Colombianae. XVI. Plants as Oral Contraceptives in the Northwest Amazon— Richard Evans Schultes.....	59
Occurrence of Ergot on <i>Festuca obturbans</i> in East Africa—A. Brack, R. Brunner and H. P. Frey.....	67
Phytochemische Studien über die Alkaloide von <i>Pancreatium maritimum</i> —Finn Sandberg und Karl-Heinz Michel.....	75
Fossil Evidence of Floral Evolution—E. E. Leppik.....	78
	91

No. 3, September, 1963

Chemistry and Plant Taxonomy—Nicholas T. Mirov.....	117
The Effect of Proline on Growth and Alkaloid Synthesis in <i>Datura stramonium</i> var. <i>tatula</i> — Melvin R. Gibson and Elden R. Abbott.....	125
The Constituents of <i>Tacca leontopetaloides</i> —Paul J. Scheuer, Carl E. Swanholm, Leticia A. Madamba and Webster R. Hudgins.....	133
Alkaloids of <i>Vinca rosea</i> (<i>Catharanthus roseus</i>). XIX. Extraction and Characterization of Root Alkaloids—Gordon H. Stoboda, A. Thornton Oliver and Donald R. Bedwell.....	141
Chromatographic and Pharmacologic Evaluation of Some Toxic <i>Galerina</i> Species—V. E. Tyler, Jr., L. R. Brady, R. G. Benedict, Jatinder M. Khanna and Marvin H. Malone.....	154
Examination of Higher Fungi for Alkaloids. II. Additional Species—V. E. Tyler, Jr. and D. E. Stuntz.....	158
Production of Lysergic Acid Derivatives in Submerged Culture. II. Strain Selection and Screening—L. R. Pacifici, W. J. Kelleher and A. E. Schwarting.....	161
Alkaloid Production by <i>Claviceps paspali</i> in Submerged Culture—D. Gröger and V. E. Tyler, Jr.....	174
The Spectrophotometric Determination of Ergot Alkaloids. A Modified Procedure Em- ploying Paradimethylaminobenzaldehyde—Linda E. Michelin and W. J. Kelleher.....	192
Proceedings.....	202

Recent Studies on the Formation of Natural Coumarins—Stewart A. Brown.....	211
Quantitative Determination of the Principal Alkaloids of Opium by Thin-Layer Chromatography—Nouri Y. Mary and E. Brockmann-Hanssen.....	223
A Study of the Alkaloids of <i>Thalictrum</i> . II. Pharmacology of an Extract of <i>Thalictrum revolutum</i> —P. N. Patil, A. Tye, J. W. Nelson and J. L. Beal.....	229
Nutritional Studies on Some Members of the Mucorales. III. Utilization of Mixtures of Different Amino Acids—A. K. Sarbhoy.....	236
Alkaloids of <i>Vinca rosea</i> (<i>Catharanthus roseus</i>). XX. Perividine—Gordon H. Svoboda....	243
Volatile Substances Produced by <i>Streptomyces odorifer</i> —H. D. Gaines and R. P. Collins....	247
An Investigation of the Quaternary Alkaloids of Rhizomes and Roots of <i>Xanthorrhiza simplicissima</i> —Fawzy T. Hussein, Jack L. Beal and Michael P. Cava.....	254
The Alkaloids of <i>Withania somnifera</i> —A. E. Schwarting, J. M. Bobbitt, A. Rother, C. K. Atal, K. L. Khanna, J. D. Leary and W. G. Walter.....	258
News and Events.....	274
Index to Volume 26.....	277
